## Key Features

- Standard Diet Base
- Teklad Global 2016
- Tamoxifen Citrate for Inducible Cre
- Color Coded Red

## Key Planning Information

- Products are made fresh to order
- Store product at 4°C or lower
- Use within 6 months (applicable to most diets)
- Box labeled with product name, manufacturing date, and lot number
- Replace diet at minimum once per week
  - More frequent replacement may be advised
- Lead time:
  - 2 weeks non-irradiated
  - 4 weeks irradiated
- 1/2” Pellet or Powder (free flowing)
- Minimum order 3 Kg
- Irradiation available upon request

## Product Specific Information

- Rush order (pending availability)
- Irradiation (see Product Specific Information)
- Vacuum packaging (1 and 2 Kg)

## Options (Fees Will Apply)

- 1/2” Pellet or Powder (free flowing)
- Minimum order 3 Kg
- Irradiation available upon request

**Kcal/g** 3.1

1. Values are calculated from ingredient analysis or manufacturer data
2. Estimated digestible carbohydrate

---

**Modified from TD.07262/TD.09327 to specify Teklad supply of tamoxifen citrate. Tamoxifen will be premixed with sucrose/sugar. Formulated for 400 mg tamoxifen citrate per kg diet. Tamoxifen citrate is ~66% tamoxifen. This will provide ~40 mg tamoxifen per kg body weight per day assuming 20-25 g body weight and 3-4 g intake. Dose consistent with Keirmayer, et. al. Genesis (2007) 45:11-16 and Andersson, et. al. Transgenic Res (2010) 19:715-725. 2016 base provides a minimal phytoestrogen background.**
